## **Pope's appeal on World Alzheimer's Day**

Today is the 23rd World Alzheimer's Day, which this year focuses on the theme "Remember me". At the end of the catechesis of today's general audience, the Pope invited everyone to remember Mary's care and Jesus' merciful tenderness towards all those affected by this disease and to their families, so that they may be aware of our closeness. "Let us also pray for those who are beside the sick, who know how to grasp their needs, even the most imperceptible, as they see them with eyes full of love".
